Attn: Document Control Desk/Exempt Distribution
Director, Office of Nuclear Material Safety and Safeguards
U. S. Nuclear Regulatory Commission
Washington, DC 20555-0001

RE: Annual Exempt Distribution Report

Dear Director,

The following is our 2015 report of the distribution of products under our exempt distribution License No. 45-23855-01E in accordance with 10 CFR 32.22 to users who are exempt from licensing requirements under 10 CFR 30.19.

In 2015 we distributed 9,489 HALO Series devices (units). Each unit contains three 25 mCi tritium sources, and therefore, a total of 75 mCi. The total quantity of tritium we distributed in 2015 in HALO series devices was $9,489 \times 75 \text{ mCi} = 711,675 \text{ mCi}$.

If there are any questions please contact me by phone at (757) 821-1089 extension 125 or by email at H.OKAMURA@KRISS-USA.COM.

Sincerely,

A handwritten signature in black ink, appearing to be "H. Okamura", written over a horizontal line.
