Subject: Amendment to the model numbers of sealed source listed in possession license

Dear Mr Miller,

03038780

This is to update you about a change in the model numbers of the sealed source listed in the possession license number 06-35183-01.

At the time the application was filed in October 2014, the model numbers of the sealed sources manufactured by mb-microtec were listed as X00/A, X00/B and X00/C. Since then, we have been made aware that mb-microtec has changed the model numbering.

The updated model numbers are T5648-1, T6080-1, T6042-1, T6043-1, T6044-1. These updated model numbers were listed in the application for the distribution license filed in October 2015. We are requesting that the model numbers in the possession license be updated so that they match with the model numbers in the distribution license.

Thanks for your help in this matter.

Regards,

J Gupta
