SUBJECT: APPLICATION FOR THE MODEL NO. NAC-STC TRANSPORT PACKAGE –
ACCEPTED FOR REVIEW

Dear Mr. Fowler:

By letter dated March 15, 2016, you submitted an application for approval of Certificate of Compliance No. 9235, for the Model No. NAC-STC transport package. The application proposes adding uncanistered high burnup pressurized water reactor 17x17 fuel, as authorized contents. This letter acknowledges receipt of your application and informs you that the application appears to contain the necessary information to begin our technical review.

We have established a schedule for the review. The schedule allows for the staff to complete its technical review and issue the first request for additional information by May 9, 2016, and, if a second request for additional information is not needed, a certificate of compliance in mid-July 2016, based on you responding to the first request for additional information by the end of May 2016. If a request for additional information is not needed, the NRC will issue a certificate of compliance by the end of May 2016. In order to maintain this schedule, no additional changes to the application should be submitted except for changes resulting from your response to a request for additional information.

If you have any questions regarding this matter, please contact me at (301) 415-6577.

Sincerely,

/RA/
