SUBJECT

license termination

SUMMARY

I spoke with the RSO today to get more details on why there wasn't a current leak test in the application for termination, and to reiterate that I needed a copy of the receipt paperwork from Troxler before I could terminate the license. She said she would reach out to Troxler again for the receipt paperwork. They started trying to get rid of the gauge in May 2014 after they stopped building houses and didn't need it anymore. They didn't do the leak test at the required interval because they were getting rid of it. They didn't actually get rid of it until March 2015, after the leak test deadline had passed, and she didn't realize they needed to leak test it prior to shipping it to Troxler. She was going to ask Troxler for a copy of a receipt leak test that I could use to show that the gauge wasn't leaking while in storage.

**Subject:** FW: Choctaw Nation License Termination Request

Good afternoon,

I tried to send the email below to Valerie Stowe regarding the license termination request for Choctaw Nation Housing Authority, and it was returned to sender. I found your email address in the termination submittal. Can you answer these questions, or help me get in contact with Ms. Stowe?

Thanks very much,

Casey Alldredge

**Subject:** Choctaw Nation License Termination Request

Good afternoon Ms. Stowe,

I am processing your license termination request for license 35-27650-01 and I have a couple of questions. First, the leak test that was provided with the NRC Form 314 is from 2014. Is there a more recent leak test and if so, could you please provide it? Second, have you received any letter of confirmation from Troxler that they received your gauge? If so, could you please provide it?

If you have any questions please let me know.

Thanks very much,

Casey Alldredge
