SUBJECT: ACKNOWLEDGEMENT LETTER TO LICENSE NUMBER 11-27380-04

Dear Mr. Farina:

We acknowledge receipt of your letter received March 1, 2016, requesting an amendment to your license to distribute radio chemicals to foreign companies in accordance with the general license provisions of 10 CFR 110.23.

Please note that in accordance with 10 CFR 30.11(c), the Department of Energy is exempt from the requirements of this part to the extent that its activities are subject to the requirements of part 60 or 63 of this chapter.

Please note that an amendment to your license is unnecessary and you are approved for a general license to export byproduct material (see Appendix L of this part) to any country not listed in 10 CFR 110.28.

In addition, please note that license condition 12 of your license does not authorize commercial distribution of licensed material pursuant to 10 CFR 32.72 or 10 CFR 32.74 or equivalent regulations of an Agreement State; to persons generally licensed pursuant to 10 CFR Part 31 or equivalent regulations of an Agreement State; or to persons exempted from licensing pursuant to 10 CFR Part 30 or equivalent regulations of an Agreement State.

No further action regarding this notification is required. If you have any questions regarding the response to your notification, please contact me at 817-200-1132.
