of the NRC speakers during that session. The NRC does not have a copy of the video clips that were included as part of Mr. Hajime Kabashima (a guest speaker)'s presentation. Accordingly, we are unable to provide it to you at this time. However, we have been informed that NRC staff has reached out to him to obtain a copy of his presentation materials. As noted in the RIC2016 Program, all of the plenary and technical sessions were recorded. Recordings of the presentation materials are expected to be posted approximately 30 business days following the conclusion of the conference; if NRC staff is able to obtain a copy of Mr. Kabashima's presentation, we expect that it (as well as the enclosed NRC video) will be included with the rest of the RIC2016 recordings that are made publicly available.
