ATTACHMENT 2 - DESCRIPTION OF CHANGES, TESTS, AND EXPERIMENTS

2015

1.0 BACKGROUND

LACBWR Possession Only License No. DPR-45, requires a report be made biennially, in accordance with 10 CFR 50.59(d)(2) and 10 CFR 72.48(d)(2), containing a brief description of changes, tests, and experiments conducted under the criteria of 10 CFR 50.59 and 10 CFR 72.48. Changes to the NAC-MPC Storage System reviewed under 72.48 have been performed by NAC International and reported as required by their processes. Changes to the NAC-MPC system are incorporated into the NAC-MPC FSAR as it is revised.

The last time LACBWR reported on changes, tests and experiments was in February of 2013. Since there were no changes, tests, or experiments performed in 2013 and 2014, a report was not written to the NRC to provide a status of the changes. This oversight was documented in the licensee corrective action program and this report will include 2013, 2014 and 2015.

No facility modifications were made in 2013, 2014, or 2015.

There were no tests conducted in 2013, 2014 or 2015.
