RE: Additional Information to Control Number 590191

Ms. Colleen Carol Casey:

This letter is in regard to the additional information to control number 590191, as requested on April 1, 2016 in regards to renewal of NRC License Number 24-26114-01. In our previous submittal dated March 15, 2016, we incorrectly included "Model Radiation Safety Officer Duties and Responsibilities" that are not applicable to portable gauges. Reitz & Jens will commit to following the NUREG 1556, Vol. 1, Rev. 1, Appendix E for the RSO's Duties and Responsibilities.

If you have any questions, please feel free to contact us at your earliest convenience.

Sincerely,
REITZ & JENS, Inc.
