Dear Mr. Tripp,

This letter is to respond to your questions contained in a phone call dated 2/23/2016 at 1:09 PM. The three physicists to be added to the CCMC license were trained on the specific unit here at CCMC by Nicole Bunda, M.Sc. who is currently listed on 47-09772-02. A scanned copy of the training document is enclosed.

With regard to Dr. Saif, we have obtained an additional license for him from South Carolina license No. 676 the Greenville Hospital System where he is listed for Ir-192 in an HDR unit. A scanned copy is enclosed for your use. The query to Oklahoma's licensing bureau did not go as well. We have an email from them indicating he is on a license as an AMP but could not send us a copy for security reasons. However, you can contact them and they will verify his status. A scanned copy of the email is enclosed with contact information.

If you have any questions or comments to this response, please do not hesitate to contact our RSO, Dan Berkley at 724 454 2371 or dberkley@ccmh.org.

Sincerely,

David McClure, FACHE
Chief Executive Officer

I just spoke with our security person Kevin Sampson and he indicated that since the license contains Security Related Information it would be best if you obtained a copy of the license from Muskogee directly. I have the following email address for Shawn Heldebrandt (Shawn.Heldebrandt@sjmc.org). I also have the email address Belinda.farmer@capellahealth.com. Both of those individuals should be able to provide you with a copy of the license. If you have any issues in acquiring a copy from them please let me or Kevin.Sampson@deq.ok.gov know.

You are currently listed on Amendment No. 64 of OK-13157-01. If Virginia needs me to confirm that you are authorized or provide them with the information I should be able to do that without any issue.

Thanks,
