Subject: RAI for Amendment to add three AMPs

Discussion: An amendment request dated December 11, 2015, referenced an Oklahoma Agreement State License on which Harith Saif, Ph.D. was an AMP. That license was for radiation producing equipment and thus did not authorize Ir 192 HDR. The RSO stated he would send the Oklahoma License that authorizes Ir-192 HDR. He also committed to assuring that the three requested AMPs would have operating and emergency training specific to their HDR unit.

He also stated that I 125 brachytherapy sources requested in the renewal application was needed before the renewal would be completed (Theragenics Corporation Model AgX100).

Action Required: Process amendment upon receipt of requested information,
