**Re: Submittal of Electronic Files of Hydrologic Model in Support of the KM and LC East Amendments,
Revised Form 313 Attachment, and Current Technical Report
Lost Creek ISR Project License SUA-1598; Docket 040-09068**

To Whom It May Concern,

Please find behind this cover a thumb drive containing the electronic files of the hydrologic model supporting the KM and LC East Amendments to the Lost Creek License. The thumb drive also contains the Technical Report for the project prior to the submittal of the LC East and KM Amendments. Finally, the Attachment to Form 313 has been corrected to show an original submittal date of March 2008 and a hard copy is included as a replacement to the Form 313 Attachment previously submitted for the amendment request.

If you have any questions please feel free to contact me at our Casper office.

Sincerely,

John W. Cash
Vice President
