OFFICE OF THE
SECRETARY

Dr. Alan J. Kuperman, Associate Professor

P.O. Box Y
Austin, Texas 78713

Dear Dr. Kuperman:

I am responding to your letter dated March 23, 2016.¹ Your letter withdrew your intervention petition on the Department of Energy's/National Nuclear Security Administration's (DOE/NNSA) license application number XSNM3758—DOE/NNSA sought an NRC license to export highly enriched uranium to Belgium (specifically the Belgian Nuclear Research Center). DOE/NNSA formally withdrew the license application by letter dated February 29, 2016,² and the NRC returned the application without action by letter dated March 14, 2016.³

The withdrawal of your intervention petition on XSNM3758 does not affect your pending intervention petition on a related DOE/NNSA license application to export highly enriched uranium to France (license application number XSNM3757).

If you have any questions, please contact Andrea Ferkile, Office of International Programs, at 301-415-8058.

Sincerely,

A handwritten signature in cursive script, appearing to read "Annette Vietti-Cook".
