ENCLOSURE A

OFFICIAL RECORD COPY

Office of Administration (ADM)
Items of Interest
Week Ending April 8, 2016

List of Approved Spent Fuel Storage Casks: Holtec International HI-STORM 100 Cask System; Certificate of Compliance No. 1014, Amendment No. 9, Revision 1: Correcting Amendments; Part 72 of Title 10 of the Code of Federal Regulations (Regulation Identifier Number 3150-AJ63; NRC-2015-0156)

On April 4, 2016, the NRC published a document in the *Federal Register* ([81 FR 19021](#)) that corrected a direct final rule published in the *Federal Register* on January 6, 2016 ([81 FR 371](#)). The direct final rule amended the NRC's spent fuel storage regulations by revising the Holtec International HI-STORM 100 Cask System listing within the "List of approved spent fuel storage casks" to include Amendment No. 9, Revision 1, to Certificate of Compliance No. 1014. The direct final rule inadvertently omitted Revision 1 to Amendment No. 8 (effective May 2, 2012, as corrected on November 16, 2012), to CoC No. 1014. This document corrected this omission. This correction was effective on April 4, 2016.

Sequoyah's International Atomic Energy Agency (IAEA) Operational Safety Assessment Review Team (OSART) Mission Preparatory Meeting

The Institute of Nuclear Power Operations (INPO) has informed the staff that the Sequoyah Nuclear Plant in Region II will host an IAEA OSART peer review mission in 2017. The OSART preparatory meeting is scheduled to take place May 17-19, 2016. Under this IAEA program, an international team of experts conducts an in-depth review of a plant's operational safety performance. Sequoyah will be the ninth OSART mission in the U.S.

Receipt and Availability of License Renewal Application for Waterford 3

On March 30, 2016, the staff received the license renewal application (LRA) from Entergy Operations, Inc., requesting the extension of the Waterford, Unit 3, operating license for an additional 20 years beyond the current 40-year term. On April 6, 2016, the staff is scheduled to complete its review for receipt and availability of the LRA. The current operating license for Waterford 3 (NPF-38) expires at midnight on December 18, 2024.
