RE: Letter dated March 9, 2016

Dear Mr. Sir or Madam:

Please find enclosed the additional information that you requested.

1. David Rhoe is the Medical/Health Physicist for the facility.
  - a) The RSO will be given complete authority to stop unsafe practices and to implement corrective actions to comply with NRC regulations.
  - b) The hospital has assigned a budget for nuclear medicine, which includes the radiation safety program.
  - c) The RSO will visit the facility once each month to review the radiation safety program. The facility will transmit information by telephone, fax or e-mail. These transmissions will be done on as needed basis to maintain oversight of the program and to review records. The RSO will make additional visit to the facility on an as needed basis.
  - d) The Chief of Nuclear Medicine and/or the Nuclear Medicine Technologist will serve as the point of contact during the RSO absence.
  - e) The RSO is available 24/7 by cellular phone and lives 25 minutes away.
2. This is to confirm the following:

10 CFR 35.100	uptake, dilution and excretion studies per 35.100
10 CFR 35.200	imaging and localization studies per 35.200
10 CFR 35.300	diagnostic or therapy procedures per 35.300

3. This is to confirm the following as authorized user(s):

- a. Carlos D. Garcia-Rodriguez, M.D.
- b. Ivan F. Velez-Miro, M.D.
- c. Jose O. Morales, M.D.

If you need any further information, please contact David Rhoe at (787) 245-7248.

Sincerely,

A handwritten signature in black ink, consisting of several loops and a long, thin tail that extends downwards and to the right.

Carlos Garcia, MD
