Subject: [External_Sender] No to Devil's Tower Uranium

To Whom It may Concern:

As Agricultural land, Natural Habitats, and Water Resources continue to diminish in the United States of America, I humbly ask you to please protect what remains. Especially, somewhere that draws hundreds of foreign tourists every year. We can't afford to lose these precious resources just to benefit a few. It also doesn't reflect well to those that visit us each year in regards to our public relations. America has a reputation began with Teddy Roosevelt for taking care of what matters. Let's keep it that way!

Sincerely,

Christina Engelhaupt
