Desc: The "total replacement" of the Updated Final Safety Analysis Report for the Perry nuclear plant. By letter dated October 23, 2015 (ML15314A217), the licensee submitted Revision 19 to the UFSAR on CD-ROM. The transmittal letter indicates the submittal was not just the revised pages, but the entire UFSAR on a "total replacement basis." UCS requests the entire UFSAR (excluding portions properly withheld under 10 CFR 2.390.) UCS requests this information in digital format rather than by paper copies.
