Re: Radiation Safety Officer Change (**USNRC License No. 09-31230-01**)

Remarks:

In accordance with subsection 64E-5.213(7), F.A.C., this is a notification that Lance Croft will be permanently discontinuing his performance as Radiation Safety Officer (RSO) for our company, MC Squared, Inc (MC²), upon the receipt of this notice. The responsibility of RSO will be taken on by Mr. Brad Crowson.

Mr. Crowson has worked for MC² for 8 months and has been involved in the industry for 2 years. He is an authorized user of portable gauging devices for our company; holding a Certificate of Completion for the Portable Nuclear Gauge Safety & Hazmat Certification Training course, as required by the United States Nuclear Regulatory Commission and the Agreement States since October 2014. In addition to the eight hour Nuclear Gauge Operatory Safety Training course, Mr. Crowson has completed the Radiation Safety Officer Class and is current with all HAZMAT requirements for Portable Nuclear Gauges. Enclosed you will find a copy of each of the following:

- Portable Nuclear Gauge Safety & Hazmat Certification Training course (APNGA)
- Radiation Safety Officer Class (APNGA)

Please let me know if you have any questions or need any additional information.

Thank you.

Signed:

Joseph Distefano, P.E.
Vice President

APNGA Portable Nuclear Gauge Safety & U.S. D.O.T. Hazmat Certification Class

Certificate of Completion to:

Bradley Crowson

HAZMAT refresher training is required within 3 years after today's date:

September 4, 2015

This course covers training criteria of NUREG 1556. The Agreement States,
and 49 CFR 172, Subpart H.

The Company RSO completes the training requirements by familiarizing the employee with:

- State specific regulations including introduction to the state regulatory website
- The company radiation safety program, specifically gauge safety operating and emergency procedures
- A tour of storage area with emphasis on security, documents and postings
- Loading, security and transporting gauges in company vehicles
- Hands-on training with the gauge and methods in use by the company
- Introduction to gauge safety content on gauge manufacturer website
- Certificate covers both Gauge Safety and USDOT HAZMAT requirements

The acknowledgement and signature of the RSO/Official makes the training and certificate relevant and valid.
