## Submitter Information

**Name:** Mark Monks  
**Address:**  
3901 Castle Hayne Rd  
MC H-10  
Wilmington, NC, 28401  
**Email:** mark.monks@ge.com

---

## General Comment

The process as it is currently is sound and flows appropriately. The information collected remains pertinent and necessary to complete the investigation/background checks. The one comment or improvement (cost savings) that I would recommend is to change the requirement for fingerprints for re-investigations, to not require additional fingerprint cards unless the re-investigation is the first time being processed by the Nuclear Regulatory Commission.
