TASK ORDER TERMS AND CONDITIONS

A.1 STATEMENT OF WORK

1. PROJECT TITLE

Enterprisewide (EWC) Onsite Nonpersonal Clerical, Secretarial and/or Administrative Assistant Support Services for Nuclear Regulatory Commission (NRC) Region 1 (R1).

(EWC Contract Number: NRC-HQ-40-15-E-0004)

2. PURPOSE

The purpose of this task order is to acquire non-personal services¹ for clerical, secretarial and/or administrative assistant support services².

3. SCOPE (Specific Tasks)

The contractor shall provide non-personal services utilizing the labor category(ies) indicted in Section 5 below. The contractor, including any consultants and/or subcontractors, shall be

¹ See Federal Acquisition Regulation (FAR) 37.101 definition of Nonpersonal services contract at www.acquisition.gov/far. **This is not a personal services contract.** NRC does not have authority to acquire personal services as defined in FAR 2.101, Definitions. "Personal services contract" means a contract that, by its express terms or as administered, makes the contractor personnel appear to be, in effect, Government employees (see 37.104). The personnel rendering the services are not subject, either by the contract's terms or by the manner of its administration, to the supervision and control usually prevailing in relationships between the Government and its employees. Among the things that cannot be done, NRC TO CORs and other employees cannot provide gifts to, throw parties for, or solicit donations from contractor personnel.

² Short-term or temporary office support services are covered by Federal regulations that place additional restrictions on the Government's use of contractors to perform these services. Established Federal guidance on these situations and the prescribed Federal limitations can be found under 5 CFR, Part 300, Subpart E, Use of Private Sector Temporaries.

Regulations limit the types of situations that a Federal agency can use a contractor on a short-term basis instead of meeting the support need with other current Government employees or through the temporary appointment of a Government employee. In accordance with 5 CFR, situations where a contractor can be used to temporarily replace Government performance of daily administrative support include: (1) those instances where an agency must carry out work for a temporary period which cannot be delayed (in the judgment of the agency) because of a critical need, such as when a Government administrative employee has recently left the position (retired, resigned, transferred, promoted, etc.), the support is required during the interim period while the Government backfills the position, and the need cannot be readily met by appointing a temporary Government employee; (2) instances where the Government employee is absent for a temporary period because of his/her own personal need including emergencies, illnesses, maternity leave, family responsibilities, or mandatory jury duty, and the work must be performed during the period of the employee's absence, and the need can't be readily met by appointing a temporary Government employee. CFR Title 5 does not allow the use of contractors to provide short-term intermittent services during employee absences for vacations or other circumstances which are not considered to be compelling to the agency.

Under these conditions, Federal regulations require NRC to place the following limitations on the Contractor's performance of these types of short-term TOs:

A. The contractor cannot provide support for the same employee absence situation for more than a total of 120 workdays initially; however, if the need still exists after 120 workdays, the use of the contractor can be extended up to a maximum of 240 workdays within a 24-month period. The 24-month period begins on the first day of the performance period of the TO.
