Re: Oconee Nuclear Station  
Docket Nos. 50-269, -270, -287

Dear Mr. Gossick:

My letter of May 23, 1978 requested NRC concurrence that a proposed procedure change with respect to respiratory protection systems would meet 10CFR Part 20 requirements. It has been determined that the proposed combination of a Scott Air Pak mask with a Mine Safety Appliance air supply system will not function properly. Therefore, the request for concurrence is rescinded.

Very truly yours,

  
William O. Parker, Jr.
