Re: Oconee Nuclear Station, Unit 3
Docket No. 50-287

Dear Sir:

This letter confirms information provided by telephone to your staff reviewing our submittal of March 30, 1979 concerning the license amendment requested to support Oconee Unit 3 operation through Cycle 5.

My letters of September 22, and 26, 1978 related to the proposed physics testing of Oconee 1, Cycle 5. The Oconee 3 physics test will be conducted consistent with these previous letters.

Very truly yours,

William O. Parker, Jr.
