Re: Oconee Nuclear Station
Docket No. 50-287

Dear Mr. O'Reilly:

Reportable Occurrence Report RO-287/80-16, "Fire Detector String B-2
Removed From Service," was submitted to your office on December 23,
1980. The Corrective Action section should be changed to read:

Corrective Action:

The detector was cleaned and verified operable before
returning to service. All accessible fire detectors
in the areas of roll up doors or other areas suscep-
tible to dusty conditions will be cleaned on an in-
creased frequency to remove dust buildup.

My letter of January 13, 1981 incorrectly identified this incident as
Reportable Occurrence Report RO-287/80-34.

Very truly yours,

William O. Parker Jr.
