1996 Annual Effluent Release Report Revision

Gentlemen:

Attached is the revised information for Oconee's 1996 Annual Effluent Release Report. The revision to Attachment 1, Radioactive Effluent Releases, is necessary because the original report did not include Cesium-137 activity released during the month of May 1996 from the Chemical Treatment Pond #3. A complete evaluation of the CTP-3 release is given in PIP 4-097-1810.

Should there be any questions concerning this report please contact Judy E. Smith at (864)-885-4309.

Very truly yours,

W. R. McCollum, Jr.
