Subject: "Indian Point's Baffling Bolts" - All Things Nuclear - UCS article ...and a nice slideshow link - FYI

See UCS article on the baffle bolts by Lochbaum linked below:
<http://allthingsnuclear.org/dlochbaum/indian-points-baffling-bolts>

NOTE: This UCS link includes this [link to a UCS prepared slide show](#) that has some nice pictures/diagrams (from NRC, TVA sources etc.) that also might be useful for use in a congressional briefing - if you get involved with that briefing development.

FYI,
Mark
