Dear Sir:

This letter confirms information provided by telephone to members of your staff reviewing our submittal of September 18, 1978 concerning the license amendment requested to support Oconee Unit 2 operation through Cycle 4.

My letters of September 22, and 26, 1978 provided responses to questions from the staff on portions of the proposed physics testing of Oconee Unit 1, Cycle 5. The Unit 2, Cycle 4 physics test which concern measurement of rod groups 5, 6, and 7 and measurement of symmetric ejected rod worths will be conducted consistent with these previous responses.

Very truly yours,

William O. Parker, Jr.
