Docket Nos. 50-269, -270, -287

Dear Sir:

By letter dated January 28, 1985, the NRC Staff requested additional information to complete evaluation of Duke Power Company's (Duke) response to Generic Letter 83-28 submitted to the NRC on November 4, 1983. Specifically, the NRC requested Duke's response to a list of questions relative to Items 4.2.1 and 4.2.2, "Preventive Maintenance Program for Reactor Trip Breaker/Maintenance and Trending". Currently, Duke is participating in B&W Owners Group activities to evaluate and develop a generic response addressing the requested information. As a result of these activities, Duke's response will be delayed until the B&W Owners Group develops a generic response. Duke anticipates providing schedular information by March 31, 1985.

Very truly yours,

H.B. Tucker / HB

Hal B. Tucker
