Dear Sir:

By a letter dated September 25, 1984, Duke Power transmitted the In-Service Inspection (ISI) Plan for Oconee. It was stated in the letter that the ISI Plan for Oconee 1 was being submitted in its entirety, with the material for Oconee 2 and 3 being complete except for the examination listings and the boundary drawings.

Please find attached the remaining ISI information for Oconee 2, which supplies the examination listings and boundary drawings referred to in the September 25th letter.

Similar information will be submitted for Oconee 3 by the end of the Oconee 3, Cycle 9 refueling outage, in order to complete the submittal of the Oconee ISI Plan.

Very truly yours,

H. B. Tucker / ASD
