Response to Generic Letter 89-06

Gentlemen:

The subject Generic Letter 89-06 dated April 12, 1989 required Duke Power Company to furnish within 90 days of the date of the Generic Letter a certification that the SPDS at Oconee Nuclear Station either meets or will be modified to meet the requirements of NUREG-0737, Supplement 1 or provide reasons if a certification cannot be provided and a discussion of compensatory actions.

By letter dated July 31, 1989 I advised the NRC that I anticipated to submit our response to GL89-06 by August 8, 1989. The purpose of this letter is to inform you that our response is currently under review by the management and will be submitted by August 18, 1989.

Very truly yours,
