McGuire Nuclear Station, Docket Nos. 50-369, -370
Catawba Nuclear Station, Docket Nos. 50-413, -414
10CFR 26 Certification

Gentlemen:

As required by 10CFR 26.73, I certify that a Fitness for Duty Program meeting our interpretation of the requirements of 10CFR 26 has been implemented at Duke Power Company.

Our program utilizes an initial cut-off level of 50 nanograms for marijuana metabolites. Additionally, alcohol test results less than 0.04% BAC will be evaluated on a case-by-case basis and a determination made as to whether the sample is negative or positive for alcohol. All other cut-off levels will be as prescribed by Part 26. Questions concerning our program may be directed to Bob Gill, Manager Regulatory Compliance, (704) 373-5826.

Very truly yours,

Hal B. Tucker
