DOMINION VIRGINIA POWER
NORTH ANNA UNIT 3 COMBINED LICENSE APPLICATION
SUBMISSION OF CORRECTED PUBLIC VERSION OF REPORT 003N0526

On April 29, 2016, Dominion submitted a proprietary version and a public version of GEH Report 003N0526, Revision 1, Seismic Qualification of Spent Fuel in the Spent Fuel Racks (Dominion Letter NA3-16-009). This report was submitted to support the NRC's review of the North Anna Unit 3 Combined License Application (COLA).

Dominion has learned that the public version of the report did not completely redact the proprietary contents. Therefore, it is requested that the NRC replace the public version of Report 003N0526, Revision 1, with the corrected report that is included as Enclosure 1 to this letter. The affidavit that was provided in the original submittal letter remains applicable to the proprietary version of this report.

Please contact Regina Borsh at (804) 273-2247 (regina.borsh@dom.com) if you have questions.

Very truly yours,

Mark D. Mitchell
