Inspection Report 50-269, -270, -287/94-08  
Revised Response to Notice of Violation

By letter dated April 15, 1994, the NRC issued a Notice of Violation as described in the subject Inspection Report. Our response was submitted in a letter dated May 11, 1994 and was revised in a letter dated June 23, 1994.

In our revised response to the violation, we committed to developing guidelines which describe the roles, responsibilities and appropriate time frames for locating grounds. Preliminary guidelines should be developed by the 12/31/94 completion date. However, final approval of the guidelines will not be completed by the end of the year. Therefore, an extension of the completion date to 1/31/95 is necessary to complete the approval process. This is the first extension for this commitment.

If you have any questions, please contact Michael Bailey at (803) 885-4390.

Very truly yours,

J. W. Hampton, Site Vice President
