SUBJECT: NOTICE OF VIOLATION
(NRC INSPECTION REPORT NOS. 50-269/95-04, 50-270/95-04, AND
50-287/95-04)

Gentlemen:

This refers to the inspection conducted by William Tobin of this office on April 3-5, 1995 in response to a February 20, 1995 event at your Oconee Nuclear Station involving the discovery of unsecured drawings marked as being Safeguards Information. At the conclusion of the inspection, the findings were discussed with those members of your staff identified in the enclosed report. Additionally, on April 19, 1995, Mr. Mark Patrick of your Catawba Nuclear Station staff was advised of the results of our review of the inspection findings. Mr. Mark Patrick has been identified as the point of contact with the NRC regarding Safeguards Information Events.

As identified in this report, the inspection consisted of selective examinations of Safeguard Events, procedures and records, interviews of knowledgeable personnel, observation of activities in progress, and examination of drawings.

Based on the results of this inspection, certain of your activities appeared to be in violation of NRC requirements, as specified in the enclosed Notice of Violation (Notice). This violation is of concern because it could have allowed for the disclosure of Safeguards Information through your unsecured automatic data processing system.

You are required to respond to this letter and should follow the instructions specified in the enclosed Notice when preparing your response. In your response, you should document the specific actions taken and any additional actions you plan to prevent recurrence. Your response may reference or include previous docketed correspondence, if the correspondence adequately addresses the required response. After reviewing your response to this Notice, including your proposed corrective actions and the results of future inspections, the NRC will determine whether further NRC enforcement action is necessary to ensure compliance with NRC regulatory requirements.

In accordance with 10 CFR 2.790 of the NRC's "Rules of Practice," a copy of this letter, its enclosure(s), and your response will be placed in the NRC Public Document Room (PDR). To the extent possible, your response should not include any personal privacy, proprietary, or safeguards information so that it can be placed in the PDR without redaction. However, if you find it

necessary to include such information, you should clearly indicate the specific information that you desire not to be placed in the PDR, and provide the legal basis to support your request for withholding the information from the public.

The responses directed by this letter and the enclosed Notice are not subject to the clearance procedures of the Office of Management and Budget as required by the Paperwork Reduction Act of 1980, Pub. L. No. 96.511.

Sincerely,

J. Philip Stohr, Director
Division of Radiation Safety
and Safeguards
