RE: Arizona Response to Draft IMPEP Report

Dear Mr. Michalak:

The Agency is in receipt of the Arizona draft IMPEP report for the review conducted on March 28 through April 1, 2016. After a review of the report, we do not have any comments at this time. The staff and I would like to thank the IMPEP team for their thoroughness and professionalism throughout the review. We believe that the IMPEP process is extremely beneficial and look forward to the next review.

Respectfully,
