Title: Reconciliation Support for the Division of the Controller & Biennial Fee Review Support for the Office of the Chief Financial Officer

Background

It is the policy of the U.S. Nuclear Regulatory Commission to maintain its system of accounting and internal control in accordance with accounting principles and standards set forth in the Statements of Federal Financial Accounting Standards promulgated by the Federal Accounting Standards Advisory Board (FASAB) and to comply with the Budget and Accounting Procedures Act of 1950, as amended; the Federal Managers' Financial Integrity Act of 1982; the Chief Financial Officers Act of 1990; the Federal Financial Management Improvement Act of 1996; the Prompt Payment Act of 1999; and the requirements of other Federal statutes and Government regulations.

Additionally, the Chief Financial Officers (CFO) Act of 1990 requires the NRC Office of the Chief Financial Officer (OCFO) to perform biennial reviews of fees and other charges imposed "for services and things of value it provides and makes recommendations on revising charges to reflect costs incurred by the NRC for providing those services and things of value" (31 U.S.C. 902(a) (8)). Accordingly, on a biennial basis, the NRC is required to review the charges assessed for the following fees;

- Administrative charges assessed on delinquent debt,
- Orders, second notices, installment licenses, revocation of outstanding debt; performed as part of the administrative charge review,
- Indemnity fees,
- Freedom of Information Act (FOIA) requests,
- Administrative public use of the NRC auditorium,
- Daily and monthly use of the White Flint office complex parking garage,
- Criminal History Program (CHP),
- Information Access Authorization Program (IAAP),
- Materials Authorization Access Program (MAAP),
- Navy Porting Reviews,
- Small materials program, flat fees, and
- International Programs Material Licenses, Import/Export licenses.

Objective

The objective of this task order is to obtain reconciliation support for NRC's Division of the Controller (DOC), Office of the Chief Financial Officer. The DOC is responsible for authorizing all non-payroll payments and recording such payments in the agency accounting system; managing the administrative control of funds of the NRC Central Allowance which includes all agency salaries and benefits (except for the Office of the Inspector General), Contractor support for 15 headquarters offices, and travel funds for all headquarters office (except for the

Office of the Inspector General), and compiling the Agency's quarterly financial statements.

The DOC requires Contractor support to clear up a backlog of reconciliation activities for these functional areas. As DOC has outsourced certain functions, rejected items have increased.

Contractor staff shall research and clear rejected items in the general ledger, clear suspense items, review vendor table data and/or perform related tasks. Activities may include actions for any reconciliation area listed in the BPA SOW, as well as for the following related financial areas:

- Equipment Inventory
- Automated Data Processing (ADP) Software Inventory
- Leasehold Inventory
- Payroll
- Cash Reconciliation Review
- General Ledger Accounts (GL)
- Deposit Clearing Account Review
- Inter-agency advance and liquidation
- Cash and Receivable Reconciliation Review
- Fee Policy and Procedure Reviews
- Analysis of cost related to travel activities (e.g. invitational travel, permanent change of station, etc.)
- Analysis of direct and indirect costs

Related areas may include clearing transactions for travel, commitments/obligations, contract closeout and other GL or suspense items for which issues have arisen, to ensure reconciliation of transactions is complete and the recording of journal entries to correct account balances.

Additionally, the OCFO is required to perform a review of its fees program on a biennial basis to ensure continued compliance with applicable laws and regulations and to ensure appropriate charges are assessed based on actual costs incurred to administer the fees. The objective of this task order is to obtain professional accounting support and assistance to the NRC Office of the Chief Financial Officer (OCFO). The Contractor shall provide support to the OCFO to perform biennial fee reviews to include project planning, initial discovery, data collection and analysis, assessment of compliance with laws and regulations, recommendations for changes to fee charges assessed, and final report development.

Work Requirements

The Contractor shall perform account reconciliations and cost analysis for the DOC, including recommending specific actions to be taken by NRC to correct any issues that arise during the course of the reconciliations and analyses. The Contractor shall provide qualified personnel to perform the following tasks:

1. Reconcile spreadsheets, contract files, accounting reports and various other accounting records as assigned by the COR. The reconciliations shall be completed within 10 business days of assignment unless a later date is designated by the COR based on the length or level of detail of the assignment. The deliverable shall be the workpapers clearly showing the completed reconciliation(s).

2. Research and clear rejected items in the general ledger, clear suspense items, and perform related tasks. This assignment shall be monitoring and maintaining the accounting system suspense/reject file. Corrections shall be made within 7 business days of the assignment. The deliverable shall be the workpapers clearly showing the completed reconciliation.
3. Analyze the effects of any issues the COR identified in the reconciliation/items clearance. Recommend corrective actions to NRC, if necessary. Provide recommendation to the COR within 5 business days of completing the analysis. The deliverable shall be the completed workpapers detailing the disposition of clearance and/or reconciliation.
4. Analyze workflow and processes to determine the most efficient approach and prepare business case, alternatives and/or cost-benefit analyses including available options, level of effort, resource requirements, and recommendations. The analyses shall be completed within 4 to 6 weeks from the assignment, as determined by the COR. The deliverable shall be a completed analysis addressing the above items, as applicable.
5. Provide the NRC COR with the latest information on reconciliation, analysis, and corrective actions when requested and during periodic status meetings. The Contractor shall attend a status meeting once every two weeks.
6. Perform biennial reviews of fees, annual program reviews and other charges to comply with the Chief Financial Officers Act. The reviews shall be completed within 4 to 6 weeks from assignment, as determined by the COR. The deliverable shall be a report documenting the review.
7. As needed, the Contractor shall prepare final workpapers to support the reconciliation activities and provide them to the COR within 5 business days of the completion of the reconciliation process. The deliverable shall be the workpapers clearly showing the completed reconciliation(s).
8. Perform initial planning and discovery activities, for biennial reviews, to gain a thorough understanding of the NRC fees programs and associated business processes. Discovery shall include interviews of NRC Fee Process owners. The deliverable shall be a project plan of activities, major milestones, and deliverable dates for each biennial fee review assigned to the Contractor. The Contractor shall work with the NRC COR and Fee Process Owners to develop the schedule and timeline for completion of the biennial fee reviews assigned. Interview notes during the discovery process shall be incorporated in the final work papers.
9. Research applicable laws and regulations for each fee review to ensure continued compliance and provide recommendations for changes to the fees processes based on revisions to all applicable laws and regulations.
10. Performing queries of the NRC core accounting system, the Financial Accounting and Integrated Management Information System (FAIMIS) and gather any historical financial data from Fee Process Owner cuff records and systems to support the current fee analysis, conclusions, and recommendations.

11. Analyze the impact of the historical financial data, changes in the fee business processes, and changes to applicable laws and regulations. Provide recommendations for changes to the NRC fee programs, as necessary, to ensure the NRC continues to assess appropriate fees and charges based on the applicable laws and regulations and to recover the costs incurred of administering the fee programs. The deliverable shall be the completed biennial fee review report detailing the analysis conclusions, and recommended changes.
12. Provide the NRC COR with the latest information on the fee review planning, discovery, data analysis, and report development activities when requested and during periodic update meetings. The Contractor shall attend a status meeting once every two weeks.
13. The Contractor shall prepare the final work papers and the biennial fee review report and provide a draft to the COR within 10 business days after the completion of the fee review process. The deliverable shall be a report clearly showing the completed review(s) and recommendations for changes to the NRC business processes and fee charges assessed, along with all supporting work papers. The NRC staff shall provide the Contractor with changes to the draft report and the Contractor shall deliver a final report to the NRC COR within 5 business days after receipt of all comments and changes from the NRC COR and fee process owners. As needed, the Contractor shall meet with the NRC COR fee process owners to receive clarification and recommendations for changes to the final report.
