MEMORANDUM

SERVED SEP 23 1999

At the prehearing conference on October 13, 1999,
parties are requested to address the following:

1. Please address specifically and succinctly the factors, circumstances or regulations, if any, that changed between July 2, 1998, when NRC Staff discussed with the Army "an alternative approach of registering an internal cell module as the exempt use product," and May 17, 1999, when NRC Staff informed the Army that such an approach was not acceptable.
2. Whether there are other approaches by which the Army could achieve the result it appears to desire-- e.g., by granting a user license collectively to all soldiers (not specifically identified by name) who may be called upon to use the ACADA device, subject to a requirement that all soldiers authorized to use the ACADA would be adequately trained before doing so.
