Gentlemen:

SUBJECT: NOTICE OF VIOLATION
(NRC INSPECTION REPORT NOS. 50-269/88-03, 50-270/88-03
AND 50-287/88-03)

This refers to the Nuclear Regulatory Commission (NRC) inspection conducted by A. B. Ruff on February 22-26, 1988. The inspection included a review of activities authorized for your Oconee facility. The report documenting this inspection was sent to you by letter dated May 25, 1988. NRC concerns relative to the inspection findings were also discussed in an Enforcement Conference held on July 1, 1988. A summary of this Enforcement Conference was sent to you on July 25, 1988.

As a result of the inspection findings and the enforcement conference certain activities appeared to violate NRC requirements. The violations, references to pertinent requirements, and elements to be included in your response are described in the enclosed Notice of Violation.

The information you provided at the enforcement conference showed that the item regarding documentation of cable similarity in EQ files is not a violation. This item was identified in the inspection report as Violation Number 50-269, 270, 287/88-03-04 and is now removed from the NRC records.

In accordance with Section 2.790 of the NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations, a copy of this letter and its enclosure will be placed in the NRC Public Document Room.

The responses directed by this letter and its enclosure are not subject to the clearance procedures of the Office of Management and Budget as required by the Paperwork Reduction Act of 1980, Pub. L. No. 96-511.

Should you have any questions concerning this letter, please contact us.

Sincerely,

8809080167 880826
