STP Nuclear Operating Company Response to
Inspection Report 05000498/2014406; 05000499/2014406

Reference: NRC letter to Mr. Dennis L. Koehl, South Texas Project Electric Generating Station, Units 1 and 2 - NRC Temporary Instruction 2201/004, "Inspection of Implementation of Interim Cyber Security Milestones 1-7," Inspection Report 05000498/2014406; 05000499/2014406, Dated February 2, 2015, (ML15033A118)

The referenced Inspection Report (IR) discusses one licensee-identified and two green NRC identified 10 CFR 73.54 non-cited violations of very low safety significance. As discussed in the IR, the NRC has exercised enforcement discretion for the violations in accordance with the Security Issues Forum Charter. The IR requests STP Nuclear Operating Company notify the NRC of the date when compliance for the violations was achieved along with the method of compliance. The enclosure to this letter provides the requested information for the non-cited violations and contains Security Related Information that should be withheld from public disclosure in accordance with 10 CFR 2.390.

This letter contains no commitments.
