SUBJECT: REQUEST FOR ADDITIONAL INFORMATION

Dear Mr. van Breda:

This letter refers to your letter dated June 24, 2016, requesting transfer of the ownership of U.S. Nuclear Regulatory Commission (NRC) Exempt-Distribution Materials License No. 20-30024-02E to LEDVANCE LLC. In reviewing your application, we found that additional information is required.

Please note that Title 10 of the *Code of Federal Regulations* (10 CFR) 30.34(b), states: "No license issued or granted pursuant to the regulations in this part and parts 31 through 36, and 39 nor any right under a license shall be transferred, assigned or in any manner disposed of, either voluntarily or involuntarily, directly or indirectly, through transfer of control of any license to any person, unless the Commission shall, after securing full information, find that the transfer is in accordance with the provisions of the Act and shall give its consent in writing." Therefore, control of licenses cannot be transferred without the prior written consent of the Commission, and no products can be distributed in the location listed in your letter until your request is granted.

Please provide the following information concerning changes of control.

1. Provide a copy of your California and Pennsylvania material license reflecting the change of the license name to LEDVANCE LLC.
2. Be advised that your license name cannot have two companies' name. If you transfer the control to LEDVANCE LLC, your license name will be LEDVANCE LLC, and your current license, 20-30024-02E, Amendment 21, Osram Sylvania, Inc., is no longer valid.
3. Describe the proposed method of labeling or marking each unit and its container with the identification of the manufacturer or the new initial transferor of the product, and the byproduct material in the product.

We will continue our review upon receipt of this information. If we do not receive a reply from you within 30 calendar days from the date of this letter, we will assume that you do not wish to pursue your application.

P. van Breda
