SUBJECT: U.S. NUCLEAR REGULATORY COMMISSION TRAINING SESSION AT THE 2016  
NATIONAL TRANSPORTATION STAKEHOLDERS FORUM

Dear Mr. Memmo:

Thank you for attending the U.S. Nuclear Regulatory Commission (NRC) training session on handling and protection of Safeguards Information (SGI), presented at the National Transportation Stakeholders Forum (NTSF) in Orlando, Florida on June 9, 2016. The NRC staff, Robert Norman, Gerry Jackson, David Pstrak, and Stuart Easson, enjoyed being with you and participating in the discussions with those present at the training session. With you and Mr. Michael Gates named as transportation designees for the Seneca Nation of Indians listed on <https://scp.nrc.gov/special/designee.pdf>, we appreciate your support of NRC's Tribal Advance Notification program in forums like the NTSF that have Tribal representation.

You and Mr. Gates have previously been certified by the Seneca Nation of Indians to have completed the SGI training requirements for NRC's Tribal Advance Notification program. That certification allows you and Mr. Gates to train others in the Seneca Nation of Indians who may replace you as the designee to receive advance notification of certain nuclear waste and spent nuclear fuel shipments. In the future, if there is a change in the primary or alternate designee for the Seneca Nation of Indians, please provide the name and contact information of the new designee to the NRC's Tribal Liaison Program at the following e-mail address:  
[Tribal\\_Outreach.Resource@nrc.gov](mailto:Tribal_Outreach.Resource@nrc.gov).

Sincerely,

/RA/
