MEMORANDUM TO: Andrea Valentin, Executive Director
Advisory Committee on Reactor Safeguards

FROM: Francis M. Akstulewicz, Director */RA Samuel Lee for:/*
Division of New Reactor Licensing
Office of New Reactors

SUBJECT: TURKEY POINT UNITS 6 AND 7, COMBINED LICENSE APPLICATION
— ADVANCED SAFETY EVALUATION WITH NO OPEN ITEMS FOR
CHAPTER 6, “ENGINEERED SAFETY FEATURES”

By letter dated June 30, 2009 (Agencywide Documents Access and Management System (ADAMS) Accession Number ML091830589), Florida Power and Light (FPL) submitted an application to the U.S. Nuclear Regulatory Commission (NRC) for a combined license (COL) for Turkey Point, Units 6 and 7.

Based on our review of the application, the staff is providing the Advisory Committee on Reactor Safeguards (ACRS) its Advanced Safety Evaluation (ASE), with no open items for Chapter 6, “Engineered Safety Features” (ADAMS Accession Number ML16117A527). Unless otherwise stated in the ASE, the staff’s review was based on Revision 7 of the application. The ASE is being provided to support an upcoming meeting of the subcommittee of the ACRS. The ACRS full committee meeting will be held after the subcommittee meeting.

In accordance with the memorandum to the ACRS dated March 17, 2010 (ADAMS Accession Number ML100700612), the staff has reviewed the submitted information against the categories for which the ACRS requested be used to highlight information for review by the committee. For Chapter 6, the staff has reviewed the safety evaluation and found no topics that meet the categories of interest that ACRS members would like to review in detail.

CONTACT: Ruth Reyes, NRO/DNRL
301-415-3249

The staff concludes that the ASE does not contain any information exempt from public disclosure. However, the NRC will withhold the ASE from public disclosure for ten business days to allow FPL the opportunity to verify the staff's conclusion that the ASE contains no such exempt information. Therefore, the staff requests that the ACRS withhold the ASE from public disclosure until the information has been released publicly in ADAMS. The staff will inform the ACRS immediately if FPL requests that any of the information in the ASE be withheld from public disclosure.
