Subject: HI-STORM FW Amendment 3 Response to Request for Updated Amendment 3 Documents

Dear Ms. Chen:

Holtec submitted responses to NRC staff Requests for Additional Information (RAIs) in Reference [1]. Subsequently, NRC staff sent a request (Reference [2]) for Holtec to provide a modified amendment request with the hydrostatic and helium leak test changes removed as requested in Reference [3]. Holtec is pleased to submit a fully updated amendment request with this letter, with the changes as requested in the revised Summary of Proposed Changes shown in Attachment 1. The package includes the revised changed pages of the Certificate of Compliance (CoC) and its appendices (Attachments 2 through 4). Updated FSAR pages in proprietary and non-proprietary versions are included in Attachments 5 and 6. Both the CoC and FSAR are fully updated with changes associated with the RAIs as well as the modification to remove proposed

changes #2 and #3. This package should provide the complete set of information for the staff to continue their review. Since Attachment 5 is considered proprietary information, Attachment 7 contains an affidavit in accordance with 10 CFR 2.390 requesting the information be withheld from public disclosure.

Please contact me at (856)797-0900 Extension 3951 if you have any questions or require any additional information.

Sincerely,
