Subject: RAI concerning LOU

Discussion: In the letter dated May 16, 2016 UPR requested that the addresses for the locations of use be revised. I confirmed with Jossian that none of the actual LOU have changed and this is to clarify the locations. In addition, they requested that the Radiation Safety Office be added as a location of use. They intend to store sealed sources in this locations. I requested that they provide a map of the area including where the sources will be stored, security of the area and materials stored there.
