Subject: License Amendment Request

The Purpose of this letter is to request an amendment to our Radioactive Materials License referenced above.

Request one: Timken would like to change the legal name on our Radioactive Materials License from Timken NCT, LLC, to *Timken Motor and Crane Services, LLC*. On February 1, 2016 Timken changed the legal name for our Motor & Crane division. This was only a change in name to better reflect the services that we provide.

Request two: Timken would like the NRC to review our documents for Financial Assurance. A Decommission Cost Estimate has been performed for our facility and the appropriate funds have been transferred into a Trust Fund. Supporting documents are present with this letter for review.

If you have any questions concerning these requests or require additional information, please do not hesitate to contact Jack Dougherty (RSO) or Kevin Gibbs (RSOA) at (203) 562-5811.

Sincerely,
Timken Motor and Crane Services, LLC

Kevin Gibbs

Information Required for Change of Control and/or Change of Ownership
(Includes Change of Name)
Source: NUREG-1556, Volume 15

Please provide the following information concerning changes of control (transferor and/or transferee, as appropriate). If any items are not applicable, state so.

1. Provide a complete description of the transaction (i.e., transfer of stocks or assets, or merger). Indicate whether the name has changed and include the new name. Include the name and telephone number of a licensee contact who NRC may contact if more information is needed.

A. Description of the transaction:

There will be no transaction. We only request a name change that better reflects the type of services Timken provides.

- B. No name change

New name of licensed organization: Timken Motor and Crane Services, LLC.

- C. No change in contact

New contact: _____

New telephone number: _____

2. Describe any changes in personnel or duties that relate to the licensed program. Include training and experience for new personnel.

- A. No changes in personnel having control over licensed activities.

Procedures:

Facility:

Not applicable (*No changes other than legal Name*)

4. Describe the status of the surveillance program (i.e., surveys, wipe tests, quality control) at the present time and the expected status at the time that control is to be transferred.

A. Description of the status of all surveillance programs:

Currently our Radiation Protection Surveillance Program is active. We perform daily routine and non-routine radiological surveys to include swipe tests, dose rates, and air

sampling. We decon and free release contaminated motors. We receive radioactive material shipments. Rad-waste is accumulated and then shipped offsite quarterly. Timken provides annual training to all of our Rad-workers. And each Rad-worker is monitored with Dosimetry, as well as, multiple areas of our facility and site perimeter. All radiological release surveys receive as a minimum, a 10% QA check to verify conditions.

The only change being made is our legal name. For instance, we will not be changing personnel or management. There will be no sale or change in assets.

B. Surveillance Items & Records: calibrations, leak tests, surveys, inventories, and accountability requirements will be current at the time of transfer

Yes No (explain) Not applicable (There will be no transfer)

5. Confirm that all records concerning the safe and effective decommissioning of the facility will be transferred to the transferee or to NRC, as appropriate. These records include documentation of surveys of ambient radiation levels and fixed and/or removable contamination, including methods and sensitivity.

Records transferred to:

New licensee NRC for license termination Not applicable

6. Confirm that the transferee will abide by all constraints, conditions, requirements and commitments of the transferor or that the transferee will submit a complete description of the proposed licensed program.
