Tamsen,

I am replying to a letter the Eastern Shawnee Tribal Historic Preservation Office received from Jennifer Dixon-Herrity of the NRC addressed to Mr. Louis Chiarella of the National Marine Fisheries Service.

Although our nation was not requested to provide comments on this communication, I wanted to recognize Dominion for their commitment to abstain from in-water work during the period of August 1 through October 31 to minimize the potential impacts to Atlantic Sturgeon as they construct a new nuclear reactor at the North Anna Power Stating in Louisa County, VA.

This small action on Dominion's part, recognizes the adverse effect their construction will impact on aquatic life.

Sincerely,

Robin Dushane

Tribal Historic Preservation Officer
