

**UNITED STATES
NUCLEAR REGULATORY COMMISSION**

REGION III
2443 WARRENVILLE RD. SUITE 210
LISLE, IL 60532-4352

July 14, 2016

LICENSEE: FirstEnergy Nuclear Operating Company

FACILITY: Davis-Besse Nuclear Station, Unit 1

SUBJECT: SUMMARY OF JUNE 21, 2016, PUBLIC MEETING WITH FIRSTENERGY NUCLEAR OPERATING COMPANY TO DISCUSS THE 2015 END-OF-CYCLE PLANT PERFORMANCE ASSESSMENT OF DAVIS-BESSE NUCLEAR STATION

On June 21, 2016, from 6:00 p.m. to 7:30 p.m. (EDT), a public outreach/open house was held by representatives of the U.S. Nuclear Regulatory Commission (NRC). The purpose of the open house was to provide the public with information on the 2015 End-of-Cycle plant performance assessment of the Davis-Besse Nuclear Station and with general information on the NRC. The outreach was held at the Carroll Township Service Complex in Oak Harbor, OH. The NRC meeting notice for this open house can be found in the Agencywide Documents Access and Management System (ADAMS) as ML16152A837.

The NRC personnel provided discussions related to the NRC's assessment of the Davis-Besse Nuclear Station performance, which was documented in the March 2, 2016, End-of-Cycle Assessment letter, ML16060A258. As part of the open house, both NRC and FirstEnergy representatives were available to address questions and concerns. Slides used to describe the NRC's Reactor Oversight Process and Davis-Besse Nuclear Station 2015 performance can be found in ADAMS under ML16174A315. In addition to the slides, members of the NRC made available a brochure on the Reactor Oversight Process, NUREG/Br-0508, ML16119A045, and the August 2015 edition of the NRC Information Digest, NUREG-1350, Volume 27, ML15254A321. During the open house, members of the public discussed with NRC personnel

topics including the status of the fire protection program (NFPA 805 implementation time frame) and inspections of tubes in the steam generator (results of the last refueling outage and inspection process - that is, eddy current tube testing and the associated interpretation of the inspection results).
