license amendment

SUMMARY

At the request of thy branch chief, I spoke with the RSO today regarding the prepackaged kits they are authorized for on their license. They don't currently have any doctors listed as using them, so I asked if they still wanted it on the license and if so, who uses them. He said that they do still use them and that the authorized users who do are: David Peterson, MD, Gregory Taylor, MD, and Ralph Tullo, MD. I will update the license accordingly.
