SUBJECT: TERMINATION OF NRC RADIOACTIVE MATERIALS LICENSE NO. 15-19109-02

Dear Ms. Prince:

By letter dated April 20, 2016, you informed the U.S. Nuclear Regulatory Commission (NRC) that AECOM Technical Services, Inc., had moved office locations to a new location in Kansas City, Missouri. NRC license numbers correspond to the state the business is located in. Therefore, since AECOM Technical Services, Inc. moved from Kansas to Missouri, NRC License No. 15-19109-02 was terminated and NRC License No. 24-19109-01 was created. Please see letter dated July 7, 2016, with the subject line NEW LICENSE, for more information regarding the new license.

Please find enclosed Amendment No. 01 to License No. 15-19109-02 authorizing your license termination. An environmental assessment for this action is not required since this action is categorically excluded under 10 CFR 51.22(c)(14)(viii).

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the NRC's document system (ADAMS). ADAMS is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.

You can contact me at 817-200-1547 if you have questions or require clarification on any of the information stated above.

Sincerely,

/RA/
