RE: Clarkson Construction Company
 License Number 23-32024-02
 Control Number 590814

Dear Material License Division:

On April 21, 2016, Clarkson Construction Company submitted a letter requesting changing the above license from Clarkson Construction Company to Clarkson Equipment Company, LLC (copy of letter attached).

We would now like to rescind that request and leave the license as issued.

Thank you for your time spent on this request.

Very truly yours,

CLARKSON CONSTRUCTION COMPANY

RE: Clarkson Construction Company
License Number 24-32024-02

Dear Material License Division:

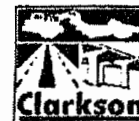

Clarkson Construction Company is requesting to change the company name on their Radiation Materials License from Clarkson Construction Company to Clarkson Equipment Company, LLC. This request letter will include the required six responses dictated from NUREG-1556, Vol 15, App F. Clarkson Construction Company, Licensee, will not transfer any control of the license or any radiation material without written consent from the NRC.

1. Clarkson Construction Company, Transferor, would like to have all Radiation Materials (Troxler Nuclear Gauges) and Radiation Material's License Number 24-32024-02 transferred to Clarkson Equipment Company, LLC, Transferee. Clarkson Equipment Company, LLC will purchase the assets (two Troxler Model No. 3400 Series portable gauging devices and one survey meter) from Clarkson Construction Company if permission is granted from the NRC. Currently, Clarkson Equipment Company, LLC a subsidiary of Clarkson Construction Company owns and maintains all Quality Control Department's vehicles, field testing/verification equipment, and lab testing equipment. Besides the two Troxler Model No. 3400 Series portable gauging devices and one survey meter, no other assets will be purchased or transferred to Clarkson Equipment Company, LLC.

Clarkson Construction Company will not have a name change. This request is specifically intended to change the name on the material's license from Clarkson Construction Company to Clarkson Equipment Company, LLC.

If more information is needed, the following individuals may be contacted by the NRC; Company Radiation Safety Officer, Jontell Jones, 816-500-2864 and/or Company Chief Financial Officer, Eldon Eikenbary 816-483-8800.

2. There will be no changes in personnel or duties that relate to the licensed program. As stated in section 11 of the Materials License Supplementary Sheet, License Number 24-32024-02, the licensed material will

only be used by, or under the supervision and in the physical presence of, individuals who have received the training described in the application dated February 12, 2015. As stated in section 12 of the Materials License Supplementary Sheet, License Number 24-32024-02, The Radiation Safety Officer (RSO) for this license will be Jontell Jones. There will be no additional employees that will require additional training.

3. There will be no changes in personnel or duties that relate to the licensed program. The personnel and training as described in License Number 24-32024-02 will remain the same. The organization chart and senior officers of Clarkson Construction Company will remain and act as senior officers of Clarkson Equipment Company, LLC. All trained gauge users and authorized Radiation Safety Officer for Clarkson Construction Company, License Number 24-32024-02, will remain users and RSO for Clarkson Equipment Company, LLC.

Clarkson Construction Company and Clarkson Equipment Company, LLC share the same physical address. The address that is on License Number 24-32024-02 will remain the same. The storage location of the two Troxler Model No. 3400 Series portable gauging devices and one survey meter will remain the same described in the application dated February 12, 2015, Section 2.

4. Total Risk Management will continue with company security, pre-employment, and background screenings. The gauges will continued to be monitored and secured as they were. All leak tests will be performed as stated in section 13 of the Materials License Supplementary Sheet, License Number 24-32024-02.

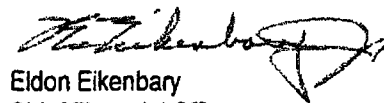

5. Clarkson Construction Company pledges that all records concerning the safe and effective decommissioning of the facility will be transferred to the Clarkson Equipment Company, LLC. or to NRC, as appropriate. These records include documentation of surveys of ambient radiation levels and fixed and/or removable contamination, including methods and sensitivity.

6. Clarkson Equipment Company, LLC. will abide by all constraints, conditions, requirements, and commitments of Clarkson Construction Company, License Number 24-32024-02.

If you have any questions, or if further information is required, please contact us.

Very truly yours,

CLARKSON CONSTREUCTION COMPANY
