

**NRC's Strategic Plan Development for**  
**Fiscal Year 2018 through 2022**  
**Stakeholder Questions**

The NRC is in the early stages of developing our next strategic plan which will cover Fiscal Years 2018 through 2022. This plan will identify the agency's strategic goals, long-term strategies, and key challenges, and provide the basis for the agency's annual budget and performance plan. The July 27<sup>th</sup> public meeting is the first opportunity for NRC to obtain stakeholder input on the strategic plan.

Please feel free provide your comments to NRC staff supporting the public meeting by August 5<sup>th</sup> to support incorporation into the strategic planning process and associated meeting summary.

1. What are areas of strength that NRC should continue to build on? What about areas of weakness the NRC should strive to improve in?
  
  
  
  
  
  
  
  
  
  
2. What opportunities and challenges should the agency be aware of and consider for its Strategic Plan update?
  
  
  
  
  
  
  
  
  
  
3. What opportunities exist for the NRC to be more adaptable and flexible (agile) to changes in its environment, both internally and externally? What are potential impediments to realizing those opportunities?
  
  
  
  
  
  
  
  
  
  
4. What factors external to the agency are you aware of (e.g., plans or initiatives from your organization/industry) that we should consider in the update?
  
  
  
  
  
  
  
  
  
  
5. What actions should the NRC consider to better align its activities, processes, workforce, and other resources to support its strategic goals of safety and security?
