Subject: Comments on Draft Standard Review Plan: Foreign Ownership, Control, or Domination, Revision 1 [Docket ID NRC-2016-0088]

Dear Ms. Bladey:

Maine Yankee Atomic Power Company (Maine Yankee) appreciates the opportunity to provide comments on the draft document noticed in the April 27, 2016 Federal Register, i.e., "Draft Standard Review Plan: Foreign Ownership, Control, or Domination, Revision 1."

Background

Maine Yankee is a 10 CFR 50 licensee that operated a single unit nuclear power plant that is now permanently shut down and decommissioned. All that remains at the site is an Independent Spent Fuel Storage Installation (ISFSI) that utilizes a 10 CFR 72 licensed dual-purpose dry cask storage system.

The U.S. Nuclear Regulatory Commission (NRC) is soliciting public comment on the draft Revision 1 to the Standard Review Plan (SRP) on Foreign Ownership, Control, or Domination (FOCD) that provides guidance and establishes procedures for NRC staff to review the issue of whether an applicant for a nuclear facility license is owned, controlled, or dominated by an alien, a foreign corporation, or a foreign government. This SRP will also be used as the basis for applications for approval of direct or indirect transfers of facility licenses.

Comments

The NRC issued Maine Yankee an exemption from the requirements of 10 CFR 50.38. Accordingly the draft SRP FOCD requirements would not be applicable to Maine Yankee. However, the draft SRP references Foreign Ownership, Control and Influence (FOCI) requirements and 10 CFR 95 FOCI requirements that do currently apply to the Maine Yankee facility clearance and applicable site specific Negation Action Measures.

Because this SRP will be used as the basis for applications for approval of future direct or indirect transfers of facility licenses, Maine Yankee urges the NRC to clarify that the draft SRP does not apply to 10 CFR 95 FOCI requirements.

Maine Yankee appreciates the opportunity to provide comments on the "Draft Standard Review Plan: Foreign Ownership, Control, or Domination, Revision 1."
